ABOUT THE CONFERENCE

22nd international scientific conference TRANSPORT MEANS 2018 will be held on 3-5 October, 2018 in „Trasalis - Trakai resort & SPA“, Trakai (Lithuania), Gedimino str. 26.
Session “Waterborne Transport” will be held on October 5 in Klaipėda, Herkules Manto str. 84.
It continues long tradition and reflects the most relevant scientific and practical problems of transport engineering.
The conference aims to provide a platform for discussion, interactions and exchange between researchers, scientists and engineers.

CONFERENCE IS ORGANIZED BY

Kaunas University of Technology, Klaipėda University, IFToMM National Committee of Lithuania, Lithuanian Society of Automotive Engineers, The Division of Technical Sciences of Lithuanian Academy of Sciences, Vilnius Gediminas Technical University,

SCIENTIFIC EDITORIAL COMMITTEE

Chairman – Prof. V. Ostaševičius, Member of Lithuanian and Swedish Royal Engineering Academies of Sciences, Chairman of IFToMM National Committee of Lithuania

MEMBERS
Prof. H. Adeli, The Ohio State University (USA)
Dr. S. Bačkaitis, US Transportation Department (USA)
Prof. Ž. Bazaras, Department of Transport Engineering, KTU (Lithuania)
Prof. M. Bogdevičius, Faculty of Transport Engineering, VGTU (Lithuania)
Dr. D. Bazaras, Faculty of Transport Engineering, VGTU (Lithuania)
Prof. R. Burdžik, Silesian University of Technology (Poland)
Prof. P.M.S.T. de Castro, Porto University (Portugal)
Prof. R. Cipollone, L’Aquila University (Italy)
Prof. Z. Dvorský, University of Žilina (Slovakia)
Prof. A. Fedaravičius, Department of Transport Engineering, KTU (Lithuania)
Dr. hab. I. Jacyna-Golda, Warsaw University of Technology (Poland)
Dr. J. Jankowski, Polish Ships Register (Poland)
Prof. I. Kabaaškin, Transport and Telecommunications Institute (Latvia)
Prof. K. Kedzior, Warsaw University of Technology, Chairman of IFToMM TC (Poland)
Prof. A. Keršys, Department of Transport Engineering, KTU (Lithuania)
Col. Dr. R. Kostrow, Military Institute of Armament Technology (Poland)
Dr. B. Leitner, University of Žilina (Slovakia)
Prof. U. Lips, Estonian Maritime Academy (Estonia)
Dr. J. Ludvigsen, Transport Economy Institute (Norway)

TOPICS
- Intelligent Transport Systems
- Infrastructure, Vehicles/Modes and Flows
- Mobility, Safety, Transport Economics
- Sustainable Transport Solutions
- Defence Technologies
- Waterborne Transport

Dr. V. Lukoševičius, Department of Transport Engineering, KTU (Lithuania)
Dr. R. Markšaitytė, Vytautas Magnus University (Lithuania)
Prof. V. Paulauskas, Department of Marine Engineering, KTU (Lithuania)
Prof. O. Prenkotovskis, Faculty of Transport Engineering, VGTU (Lithuania)
Prof. V. Friednies, Latvia International Maritime Academy (Latvia)
Dr. L. Raslavičius, Department of Transport Engineering, KTU (Lithuania)
Prof. J. Róhacs, Budapest University of Technology and Economics (Hungary)
Prof. M. Sitarz, The University of Dąbrowa Górnicza, (Poland)
Dr. C. Steenberg, FORCETECHNOLOGY (Denmark)
Dr. A. Śkakalys, East-West Transport Corridor Association (Lithuania)
Dr. Ch. Tatkeu, French National Institute for Transport and Safety Research (France)
Prof. M. Wasiak, Warsaw University of Technology (Poland)
Prof. Z. Vintr, University of Defence (Czech Republic)

ORGANIZING COMMITTEE
Chairman – Prof. Ž. Bazaras, Department of Transport Engineering, KTU (Lithuania)
Vice-Chairman – Prof. V. Paulauskas, Department of Marine Engineering, KTU (Lithuania)
Vice-Chairman – Prof. A. Fedaravičius, Department of Transport Engineering, KTU (Lithuania)
Secretary – Dr. R. Keršys, Department of Transport Engineering, KTU (Lithuania)

MEMBERS
Dr. R. Junevičius, Vice-Dean for Research of the Faculty of Transport Engineering, VGTU, Dr. A. Vilkauskas, Dean of the Faculty of Mechanical Engineering and Design, KTU; Dr. R. Makaras, Head of Department of Transport Engineering, KTU; Dr. N. Keršienė, Dr. S. Kliškevičius, Faculty of Mechanical Engineering and Design, KTU; Prof. A. Keršys, Dr. L. Raslavičius, N. Baublys, Dr. V. Dzirkelis, Dr. J. Jablonskiytė, Dr. R. Skvireckas, Dr. D. Juodvalkis, R. Džiaugienė, M. Lendraitis, R. Litvaitis, Department of Transport Engineering, KTU; Dr. S. Japertas, Faculty of Electrical and Electronics Engineering, KTU; Dr. P. Plačienė, Department of Marine Engineering, KTU; Dr. A. Pakalnis, PE Road and Transport Research Institute.

EXCURSIONS

Excursion in Trakai Castle
Trakai Island Castle (Lithuanian: Trakų salos pilis) is an island castle located in Trakai, Lithuania on an island in Lake Galvė. The construction of the stone castle was begun in the 14th century by Kęstutis, and around 1409 major works were completed by his son Vytautas the Great, who died in this castle in 1430. Trakai was one of the main centers of the Grand Duchy of Lithuania and the castle held great strategic importance.

Excursion in Trakai History Museum
The Trakai History Museum is located in three medieval architectural monuments of Lithuania: the Island and the Peninsula castles of Trakai and the Medininkai Castle, located in the settlement of the same name some 30 kilometres to the southeast of Vilnius. Trakai History Museum is awaiting of each tourist, where one will find interesting visuals and impressions, where nature and architecture harmonically supplement each other.
